## LIBRARY REPORT FOR 1979

1979 has been a busy year for the Miner Memorial Library. Leah Lindley sent a resignation before we opened for the summer. A number of people expressed interest in the position and Cheryl McGinnes was hired as our new librarian.

Thanks to the efforts of the Friends of the Library, new curtains have been made and a number of chairs were recaned. The trustees are very grateful to this group of dedicated people.

The Silver Mt. Grange donated funds to purchase an out-door Message Board in memory of Gertrude Coombs.

The librarian reports that we have 257 new books and that 138 were donated in 1979. Many more children are using the library and patronage in general has increased. She notes too that circulation has tripled this year! The increased interest has prompted the trustees to keep the library open, on a limited basis during January and February of 1980. At the request of the librarian, the library will be open on Wednesday instead of Tuesday.

## REPORT OF THE LEMPSTER PLANNING BOARD - 1979

1979 was a relatively busy year for the Planning Board. Two Minor Subdivisions were introduced and approved: Mr. Arthur Mertens' property on Rte. 10 and Ballpark Road, and Mr. Alan Stevens' property on Lovejoy Road. Three Major Subdivisions (3 or more lots) were reviewed and approved: Mr. Edward Bailey's property on Olds Road; the Bailey, Vaillancourt, and Bergold property on Allen Road; and Scott Pools' property, also on Allen Road. One annexation was also reviewed and approved: Mr. Leslie Morse's property at Sand Road.

Several other Minor Subdivisions were proposed: those of Mrs. Robert Smith on South Road, Mr. David Mousette on Lempster Street, the George B. Smith Estate on Dodge Hollow Road, and Warren Heiser on Rte. 10 and Olds Road. Mr. Robert Smith and Mr. Mousette have not as yet pursued approval, and the reviews of the Smith Estate and Heiser Subdivisions were still in progress as of the end of the year.

Other actions taken by the Board were as follows: In May the Board granted Mr. Volpe a one-year extension of time to construct the road for Hilltop Acres on Lempster Mountain. Mr. Hunter reported in December that construction was halted because of frost in the ground. In September the Board received a request from Upper Valley Lake Sunapee Council to appoint a representative from Lempster to their Land Use Plannig Citizens Advisory Committee. Mr. Edward McCullough was appointed.

Mr. Alston Barrett of the Acworth Planning Board was invited in April to tell the Board about Acworth's experiences making their Master Plan. Mr. Barrett's presentation was very informative. In November Mrs. Faye Knicely of Acworth came to acquaint the Board with her recent appointment by Upper Valley Lake Sunapee Council as adviser to Lempster and several surrounding towns for help with Master Plans, should they desire it. At the August meeting the Selectmen had Mr. Steve Woods, Assistant County Forester, talk about the newly-acquired Hurlbut property on Old Road. Mr. Woods gave several suggestions to help utilize the land's resources.

In October, the Board received the resignation of Mr. William Hamilton, the Chairman, and Mr. Gilbert Pinkney. The Selectmen then appointed Mr. Mark Adams and Mrs. Ted LeClair to fill the vacancies until the March elections. Mr. Abraham Hunter and Mr. Shawn Donovan were appointed alternates to fill the positions vacated by Mr. Adams and Mrs. LeClair when they were appointed to the Board. At the next meeting the Board selected Mr. Ralph Keeler to be Chairman until the March elections.

Planning Board meetings are held regularly each month on the First Monday at 7:30 P.M. in the Selectmen's Office in East Lempster. As the meetings are public, anyone is welcome to attend and all are encourages to do so. Those people eligible to vote are reminded that the Board is to be an elected Board at the March Town Meeting. Be sure to come and vote for the members of your choice.

Respectfully submitted,

Ralph Keeler, III, Chairman

## REPORT OF THE FIRE CHIEF

The Lempster Fire Department is proud to report that it has improved its firefighting abilities and equipment by great leaps and bounds in 1979. Early in the year we were fortunate to be able to purchase two self-contained breathing apparatus and four spare air tanks from Boston. At the special town meeting monies were raised to purchase ten Plectron receivers which linked us with the Claremont fire system. We then purchased 6 used receivers from Burlington, Vt.

In October the Fire Company bid on Laconia's Engine 6, and we were awarded the truck. This truck became Lempster's Engine 1. It consists of an International cab and chassis, Barton American pump rated at 750 gallons per minute and a 1000 gallon tank.

We were able to find parts for a surplus 1500 watt portable generator which was recently placed on our Engine 2.

Even though many hours were spent and many miles traveled to acquire the best equipment for the least money, we still have had time to build a 20' x 36' meeting room in the upstairs of the firehouse. I am happy to say it is easily heated by our woodstove.

Our regular meetings are the first Tuesday of every month at 7:00 P.M. We have work bees every other Tuesday at 7:00 P.M. We welcome any persons who would like to see just what the department is doing, to stop by.

I feel that we have built a fire department that anyone can be proud of.

Our thanks for the cooperation of the town.

Respectfully submitted,

Philip J. Tirrell, Fire Chief

## **LONG POND AND TOWN FOREST REPORT - 1979**

There was an unusual amount of use of the public area at the pond this past season, both night and day. This resulted in extra amounts of rubbish accumulating making it necessary to collect rubbish more than once a week.

There was also much rowdyism, making it necessary to call the town police a number of times.

At the annual meeting on August 22nd it was voted to establish a curfew at the beach this coming season and Mr. Spanos, our Town Council was asked to give us a ruling on the proper notices to be posted.

We hope to have better cooperation from the public this coming season.

## **REPORT OF THE TOWN FOREST FIRE WARDEN**

Last year was a good one for forest fire control in Lempster. Our only fire turned out to be Unity's after its location was contested by the warden and was found to be just over the line. Unity paid for the fire resulting in the saving of several hundred dollars expense for Lempster. It was also a good year for training with over 126 hours of formal training resulting in certificates in Forest Fire Control for seven individuals. The training showed practical advantages at the Unity fire which was quickly and effeciently extinguished under the directions of the deputy wardens.

The new year will find the Forest fire Department once again separate from the Fire Department as it used to be. This occurred when the Fire Department purchased a new truck and was unable to house the Forest Fire Department's equipment. The Department will be housed in the small town garage behind the Town Hall in Lempster.

Lempster's Forest Fire Department is finding itself playing an ever increasing role of importance for the town now that more and more people are building in close contact with the woodlands. The specialized tactics and equipment are very necessary to quickly control a serious woodlands fire if one should ever occur to prevent loss of property and the expense of controlling a fire to the town. Membership and training is open to anyone over eighteen. If you are interested, notify the warden.

J. Stephen Flynn, Warden

## **REPORT OF FOREST FIRE WARDENS AND STATE FOREST FIRE SERVICE**

Prevention and control of forest fires is handled through a cooperative effort between town/city fire organizations and the State Forest Fire Service.

Since 1903, when the first forest fire laws were passed by our Legislature, the State Forester has appointed someone in each municipality as a Forest Fire Warden and charged him with the responsibility of forest fire prevention and control within his town/city. This person may ask the State Forester to appoint as many Deputy Forest Fire Wardens as may be necessary to efficiently carry out his charge.

The State Forester has divided the State into ten forest fire districts with a full time District Forest Fire Chief in each district. The State organization is charged with assisting the municipal forest fire organization in any way possible.

State personnel conduct fire training schools, assist with forest fire suppression, fire cause investigation, prosecution of fire law violators and forest fire prevention programs. Forest fire suppression equipment is purchased through State bulk purchasing ability and sold to local forest fire organizations at one-half cost. Excess military property is obtained and turned over to town/city fire departments at no cost to local departments for conversion into fire suppression units. This cooperative arrangement between State and municipality has resulted in one of the best forest fire records in the United States with less than one-half acre of woodland burned in each fire reported.

**NEWPORT AREA HOME HEALTH AGENCY  
LEMPSTER, 1979**

This year, the staff of the Home Health Agency have responded to an increased request for service by townspeople - particularly in the area of children's and family services. Agency services utilized include Nursing, Physical Therapy, Occupational Therapy, Home Health Aide, and the many clinics offered free to all residents.

Services offered have been given regardless of ability to pay. As with most social services, the need increases during economic recession when the resources are depleted. Unfortunately, even if anticipated funding becomes a reality, services will be curtailed this coming year.

Historically, town monies have provided this Agency with **20%** of its budget, which is low, even in New Hampshire. We are extremely grateful for the 1980 United Way contributions which will enable us to continue our casework in Child Abuse and Neglect.

As in last year's reports, we are providing each town with their statistics and the approximate value of services rendered exclusive of clinics. Clinics offered are: Immunization, Blood Pressure, Dental, WIC, Well-Child.

**Nursing** - 31 home visits = \$817; 18 office visits = \$108

**WIC** = 8

**WCC** = 26

Services rendered = \$925 +

Town Appropriation + \$860

## STATUS OF THE NH/VT SOLID WASTE PROJECT

Progress continues to be made in the NH/VT Solid Waste Project. S.C.S. Engineers, of Augusta, Maine presented their final report in May. The report identified four potential industrial steam users in Claremont, New Hampshire, and indicated that combustion with steam recovery was feasible. This was encouraging, because at a recent public meeting, officials from New Hampshire and Vermont indicated that the long-term cost of landfilling would increase rapidly.

In September, the Project received a \$100,000 grant from the U.S. Environmental Protection Agency. The \$35,000 budgeted by the 25 participating communities was used to match the Federal funds, and a 17 month Phase II effort was initiated. Ted Siegler, an economist and solid waste management specialist was hired on October 1st, as Project Manager, and is responsible to a Project Management Team composed of the Sullivan County Engineer, Southern Windsor County Regional Commission Executive Director, and the Claremont City Manager. An office was established at Room 342 in the Moody Building, in Claremont, New Hampshire.

Control of the Project now officially rests with the NH/VT Solid Waste Planning Committee. Headed by Stanley Williamson of Goshen, New Hampshire, Chairman, and Wesley Hrydziusko, of Windsor, Vermont, Vice Chairman, the Planning Committee meets bi-monthly to direct the Project Management Team. Each of the 25 communities in the study area has at least one representative, with voting based on solid waste generation. Two sub-committees have also been established to work more closely on the technical and organizational issues.

A formal request for proposals has been released in an effort to hire engineering and economic consultants. It is expected that consultants will be working by May 1st, with a draft report in October and a final report in December. The Organizational Sub-Committee will also begin meeting shortly to draft a long-term cooperative agreement between all the communities. Voters will be asked to decide whether to commit themselves to the project at the next Town Meeting, based on results of the consultant reports and the Organizational Sub-Committee work.

Informational meetings are planned to be held in particular Towns involved with the Project. Basically, data is being collected to determine the actual cost of operating present "town dumps" to satisfy environmental concerns of air pollution and groundwater contamination. This information will be compared with the anticipated cost of a community's participation in the NH/VT Solid Waste-Resource Recovery Project. Resource recovery is defined as the collection and processing of solid waste to recover resources as energy (e.g., steam, hot water, electricity) and materials (e.g., aluminum, newspaper, corrugated container board). It is hoped that income generated by energy production and material sales will favorably offset the cost of collecting and processing the solid waste. There are four possible local markets already investigated with interest shown for steam and electricity. The search is continuing for other markets.

Further information on the Project may be obtained from either the Project Manager or the Lempster Representative to the Solid Waste Planning Committee

Abraham Hunter

## REPORT OF HEAD TEACHER

Along with the growth and change of the Goshen-Lempster School comes new personnel and new school programs. September of 1979 brought the inception of the Artists in School program at Goshen-Lempster. The A.I.A. program places professional artists in educational settings, involving students in the creative process. The activity is sponsored by the New Hampshire Commission on the Arts (National Endowment) and the Goshen-Lempster School District. This year, painter Jerry Pfohl has been working with students making and using egg tempera paint in acrylics. He is scheduled with each classroom for a five week period for two days per week. At the end of each five week period the class spends a day at Mr. Pfohl's studio participating in such activities as drawing at an easel, sculpturing in soapstone, and producing etchings.

There were new faces among the faculty in September. Mrs. Longnecker (grades 4 and 5) was succeeded by Mr. Conrad Ekstrom, a fourth year teacher from Tilton, New Hampshire. Mrs. Mary Reasso of Lempster (currently employed by CETA) aids Mr. Ekstrom in his classroom. Mrs. Cynthia Fellows (Special Education) was replaced by Mrs. Marcia Harrison who formerly worked with learning disabled children in the Acton, Massachusetts, Public School System. Mrs. Lillian Bryce of Marlow, New Hampshire, assists Mrs. Harrison as a classroom aide.

With the increasing number of students, the need of classroom aides has become necessary in order to increase the efficiency of the teacher. The staff members who have the benefit of aides exhibit enthusiasm over the additional amount of time that has become affordable to each student. The staff all agrees that increasing the quality of education is an ongoing venture.

The sixth, seventh and eighth grades participate in a rigorous curriculum which prepares them for the responsibility of further study and adulthood. They receive their daily assignments for which they are held strictly accountable. The scholastic program is structured in such a way that it is non graded, and the student studies at a level for which he is capable. The attainment of a new level may occur at any time during the school year.

First hand observation of the activities of the world enable the student to enhance his perspective. Organized school trips certainly contribute to this end. Miss Bradeen and Mrs. Rickard accompanied the first, second and third grades on a trip during May to the Lebanon Regional Airport where the students were escorted first through the Federal Weather Station and then to the Control Tower where they watched planes taking off and landing. After enjoying a picnic lunch, they traveled to the Hanover Fire Station and then to the Montshire Museum where they saw many interesting science exhibits.

On the weekend of September 22nd, Mr. and Mrs. Harrison and Mr. and Mrs. Bonfiglio accompanied a group of eighth grade students to the island of Nantucket. The trip (an activity designed to enhance the group's literary study of *Moby Dick*) included a tour of Nantucket's Whaling Museum.

On October 20th, Mr. Harrison, Mr. Bonfiglio, and several parents accompanied the sixth, seventh and eighth grades to Sturbridge Village in Massachusetts. The excursion was intended as a learning experience, providing a realistic look at rural life during the mid-nineteenth century.

On November 13th, Mr. Ekstrom and Mrs. Reasso traveled with the fourth and fifth grades to the Vermont Public Radio Station and the Windsor U.S. Post Office. The main thrust of the visit was toward career development with the linking of skills acquired in school - writing, spelling, math and language arts.

Extracurricular activities serve to diversify the scholastic program and broaden the student's school experience. On January 4th, Mrs. White of the New Hampshire Public Service Co. presented a Junior Energy Conservation Program to Mrs. Longnecker's fourth and fifth grade class. The program consisted of an activity on "how to read your meter at home to check your own use of power" and a film strip on **Where Energy Comes From**.

During February, Mrs. Ruth LeClair and Mrs. Dorothy Goldberg directed a sixth, seventh and eighth grade theatrical production entitled **The Ransom of Red Chief**. Three performances were given at the school at which the seventh grade provided refreshments.

On the evening of the Goshen-Lempster School Meeting at the school, the eighth grade class sponsored a lasagne supper for the voters. Under the guidance of Mrs. Linda Smith, the students planned the meal, made purchases, cooked the food, and made arrangements for seating, serving and clean-up.

On April 13th, Miss Bradeen's class produced two plays from their reading books for other members of the school and parents. The second grade presented **The Birthday Cake** (directed by Mrs. Rachel Tirrell) and the third grade presented **Manwick Goes to Town** (directed by Miss Bradeen).

Also during April, Miss Bradeen's class reseeded the front portion of the school lawn and planted a flower garden.

Several of our students had their art work published in the New Hampshire Music Educator's Association monthly publication. Mr. Alan Peterson (music teacher) conducted the students' participation. Robin Johnson (sixth grader of Goshen) had her illustration chosen for the cover design. Other illustrations chosen were by Dana Collette (seventh grader of Goshen) and Kim McElreavy (sixth grader of Lempster).

On June 14th, Mrs. Longnecker's fourth and fifth grade class presented two one-act plays - **Drop It** and **The Wonders of Storybook Land**. Parents and other students were in attendance.

On June 2nd, Mr. Harrison and Mr. Bonfiglio accompanied the Eighth Grade Class to Riverside Amusement Park in Agawam, Massachusetts. The trip was in celebration of their past eight years as classmates, for soon the group would be dispersed, and friendships would become more distant.

On the evening of June 19th, the 1979 Goshen-Lempster graduation exercises were held at the Lempster Town Hall. The Reverend John Barlow gave the Invocation and the Benediction. The Valedictorian was Susan Collins and the Salutatorians were Shane Grace and Vickie Parker. Immediately following the exercises, the PTC held a reception for the graduates at the Lempster Grange Hall.

During October, the second annual Goshen-Lempster Art Show took place as part of the Goshen Old Home Day festivities. The display of student art works was arranged by Mrs. Jan Struble (art teacher) and Mrs. Nancy Wallace of Goshen.

On October 12th, the Goshen and Lempster Fire Departments (Chiefs Ed Baker and Philip Tirrell) visited each classroom with a fire prevention program consisting of a film and some literature. A fire safety contest was held, and prizes were awarded to winners.

Also during October, the Parent Teachers Club met with faculty members in order to acquire ideas about a fund raising goal geared toward providing playground equipment for the school. Several purchases were suggested and chosen, and the decision was made to erect the equipment during the Spring of 1980.

Growth and change continues to be a major influencing factor in the operation of the Goshen-Lempster School. Periods of transition present challenges, but these challenges are being met by the force of determination and dedication. All of the people associated with the school, and especially the members of our school board, continue to pour relentless energy into solutions toward relieving Goshen-Lempster's growing pains. By the virtue of such dedication, the school will undoubtedly continue to provide the best possible education for the children of our community.

Respectfully submitted,

John Bonfiglio, Head Teacher

## REPORT OF THE SUPERINTENDENT OF SCHOOLS

To the Citizens of the Goshen-Lempster Cooperative School District:

### ENROLLMENT . . .

The present student body totals 139 in Grades 1-8. Grades 1-5 are taught in three classrooms - each with double grade combinations:

Grades 1 & 2	26 pupils
Grades 2 & 3	33 pupils
Grades 4 & 5	36 pupils

These are all in excess of the Elementary Standards established by the New Hampshire Department of Education which are:

Grades 1 & 2	25 pupils MAXIMUM
Grades 3 - 8	30 pupils MAXIMUM

The employment of Aides in some rooms is a help to the teacher. However, it is not as satisfactory a teaching situation as a lower pupil-teacher ratio as established by State Minimum Standards. Obviously, space is the problem as there are presently no classrooms available to make it possible to run smaller classes.

Sixty are attending high school: 10 at Sunapee; 2 at Claremont, 1 at Stratton Mountain; and 47 at Newport.

## FINANCES . . .

As you consider a capital expenditure to provide adequate housing for your elementary school population, it may be of interest to compare costs per pupil and taxable property valuations with several other small, neighboring school districts: (Figures based on 1978-79 school year.)

STATE ELEMENTARY AVERAGE COST	\$1,288 per pupil
GOSHEN-LEMPSTER AVERAGE COST	\$ 926 per pupil

## DISTRICT

District	# Equalized Valuation Per Pupil	* Rank In State	# Cost Per Pupil	* Rank In State

\* Rank - HIGHEST #1 to LOWEST #154

# Indicates the amount of taxable property behind each pupil.

While Goshen-Lempster stands in the top quarter of the state in terms of taxable property behind each pupil (36th out of 154 Districts), Goshen-Lempster spends an amount on each elementary pupil that falls in the lowest quarter of the school districts in New Hampshire (128th out of 154).

## BUILDINGS PROPOSAL . . .

The 1979 Annual Meeting did not approve a \$95,000 improvement project. The School Board was directed to continue a study of school needs.

The architectural firm of Banwell, White & Arnold, Hanover, N.H. has presented a series of eleven different proposals. Over the last few months several public meetings were held to obtain input and direction from the citizens of both communities. As a result, a 20-year master plan for the renovation and addition to the Goshen-Lempster Cooperative School has been accepted by the School Board. This plan provides for an additional classroom, an activities/ multi-purpose room, an enlarged library and kitchen area, special education and related support services areas, and a new more practical roof system. Many energy conservation measures have also been included in the project to provide a more energy-efficient building.

A Warrant Article calling for borrowing \$332,900 over a 10-15 or 20 year period is included for your consideration. Forty per cent (40%) of this amount (\$133,160) would be received from State Building Aid. Therefore, the net cost locally would be \$199,740 plus interest charges - to be paid off over the period of the bond issue (10-15-20 years).

Respectfully submitted,

GORDON B. FLINT  
Superintendent of Schools
